Year 6 Resident Artist Visit – January 2024

In Year 6's immersive day with our resident artists, they studied **Vincent Van Gogh**, with their project inspired by his masterpiece: '**The Starry Night**'. They explored mediums of acrylic paints and ink, encapsulating Van Gogh's broad and loose brush strokes in their final pieces.

Year 6 learnt how to layer colour to create the iconic sky of the painting, as well as practising the spiral patterns of the moon, clouds and rolling hills.

One member of the class said, "This project was inspiring and interesting because of the unique techniques that featured in Van Gogh's work."
