Uber boat trip
on the River Thames
Thursday 11th July 2024

Year 2 enjoyed a lovely, sunny day for their Uber boat trip on the river Thames linked to their learning in Geography on rivers. We took the boat from Wandsworth Pier to Battersea Power Station. We then had some time in the park thinking about the different uses of the river for work and for play. After a picnic in the grass, we then had fun in the playground! A great way to end our Geography unit.
